

# MEDIA DÉCOR SERIES

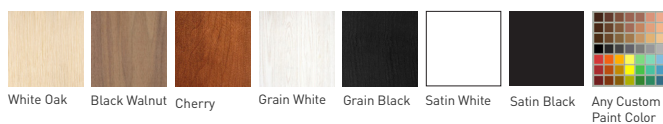

## EDGE MEDIA FRAME

Leon's Edge is a custom A/V solution with the finished look of a sleek media frame. Each Edge is custom built to house any display and our ultra-thin soundbars, concealing all borders and cables in one simple design. With multiple points of adjustment and self-leveling capabilities, the Edge provides an elegant audiovisual solution that will truly compliment any environment.

- Custom crafted based on the size of the display
- Integrated TV mount with leveling adjustments and tilt for wiring access
- Hidden wiring and concealment of TV sides, top & bottom
- Magnetically attached encasement allows for serviceability
- **Standard finishes:** White Oak, Black Walnut, Cherry, Grain White, Grain Black, Satin White, Satin Black
- **Custom finishes:** Other domestic hardwoods, exotic hardwoods, any custom paint color
