

HORIZON SERIES

 HzULTIMA

Description

Leon's reference-grade Horizon HzUltima utilizes high-performance woofers and 28mm soft-dome tweeters to produce transparent sound with an incredibly flat frequency response. Designed from the ground up to balance of articulate high-end, deep, tonal bass with ample power handling, the Horizon HzUltima recreates any soundscape with stunning authenticity and ease. Leon's Horizon reference-grade speaker is the ideal solution for any conference room, presentation venue or hospitality suite, and will please even the most discriminating audiophile.

Key Features

- Custom crafted to match the exact width and finish of any display
- Easily mounts to articulating TVs or to the wall with Leon's brackets
- Slim 3.75" deep design ensures compatibility with flat-screen TVs
- Can be built up to 120" wide to match large format screens
- Solid MDF construction, handcrafted in the USA
- Available as L/C/R, L/R or Center-only channels

Recommended Pairings: Ds500UX, v500UX, AxV80, ACS10-UT
